We're excited to launch the
**Latin@ Young Professionals Network
(LYPN)**
in Yamhill County.

We hope you can join us!

LYPN seeks to build support friendships, opportunity, and leadership to enhance our professional development and personal growth in the workplace.

Many of us can be rather isolated from other Latin@ professionals. This network has the potential to empower ourselves and our communities as we connect.

**We'll bring the snacks.
You bring a friend.**

Let's share in the conversation, and we can make this a regular event!
